Title of Collection: Needs Sensing Survey under the Regional Educational Laboratory Program (REL)

OMB Control Number: Pending

Type of Review: New collection, request for a new OMB Control Number

Respondents / Affected Public: State, Local or Tribal Governments

Total Estimated Number of Annual Responses: 2,240

Total Estimated Number of Annual Burden Hours: 983

Abstract: The needs assessment consists of an online survey of a sample of school board members, district administrators, principals, and teachers in Illinois, Indiana, Iowa, Michigan, Minnesota, Ohio, and Wisconsin. The purpose of the sample survey is to assess: the importance these populations attach to the four issues identified in advance by REL Midwest as priorities for the region; for each issue, the types of data and analysis supports, and research and evaluation needs which respondents anticipate would be of particular value; and what factors would increase the likelihood respondents and the populations they represent would turn to the REL for data and analysis supports, or research and evaluation needs in the future. The results of the survey will be used to prioritize the assistance that REL Midwest provides to educators in the region for utilizing their longitudinal data systems, conducting high quality research and evaluation; learning about the best education research; and incorporating data into policy and practice.
